

MEMBERSHIP AGREEMENT

By declaring my membership in the Center for Spiritual Living Greater Baltimore, I am consciously stating that:

Together with my fellow members, I co-create with God the ongoing, dynamic life of the Center for Spiritual Living Greater Baltimore. I recognize that together we keep the doors of CSLGB open, expand its programs and services and thereby bless and serve the community and the world.

Through membership in CSLGB, I honor Spirit in me and in the work of our Center. I understand the basic teachings of Science of Mind and philosophy of our community. I place a high priority on my spiritual growth and spiritual life. I actively support the vision, mission, purpose, and goals of CSL Greater Baltimore.

I include the community in my Affirmative Prayer practice. I value being part of something larger than myself. I include the community in my financial planning; undertake my fair share through intentional, conscious, and joyful giving; and reap the satisfaction found in generosity. I serve my community through my fair share of volunteer service and value Seva- selfless service to Spirit. I am accountable for my experience. If I feel upset with the community or a fellow member, I go within for guidance, then speak directly with the person(s) involved - with the conscious intention of finding a harmonious resolution. If needed, I will request a mediator (practitioner, minister, other) to assist in this resolution.

I participate regularly in the community's activities as I am able, and when unable, I know that there are a wide assortment of activities that I can always participate in. I continue my spiritual education as I am led from within. I teach others through my example, by demonstrating growth and change in my life and by sharing the New Thought principles of Religious Science/ The Science of Mind with others when appropriate. I take ownership and accountability in my community along with my fellow members, recognizing that together we are making this Beloved Community Great, we are making this sacred Center operational, and in doing so we are making our wonderful teaching available to all who desire it.

I realize that committing to membership is really a commitment to my own spiritual growth, and that it is good.

*Yes, I choose to be a member of the Center for Spiritual Living Greater Baltimore.
